

EMAUX POOL GRATINGS

reliable overflow absorber

Quality- and safety-oriented

Emaux brings over 35 years of design and manufacturing experience to the pool grating fabrication industry. We provide high-quality pool grating systems, which are well adopted by leading commercial pool designers, aquatic engineers, and contractors.

The great variety of grating designs offer a wide range of choice in sizes and styles which are suitable for both residential and commercial pools. The curved grating is available and the shape can be spliced at will according to the situation of the swimming pool. Also, custom colors are available against MOQ.

Emaux gratings are suitable for new construction or retrofit replacement of pool peripheral systems with specially fabricated dimensions to suit any project needs.

Product Features:

1. Safety-oriented design

Specially designed anti-slip surface pattern and low heat absorption provide safety and comfortable contact surface for bare feet.

2. High Durability

Made of glassed filled high-density polyethylene offers good mechanical, chemical, and dielectric properties, and enhance tensile and compressive strength and exert a highly abrasive effect.

3. High Resistance

Treated for resistance to ultraviolet light, suitable for any hardest climates and can withstand any pool chemicals.

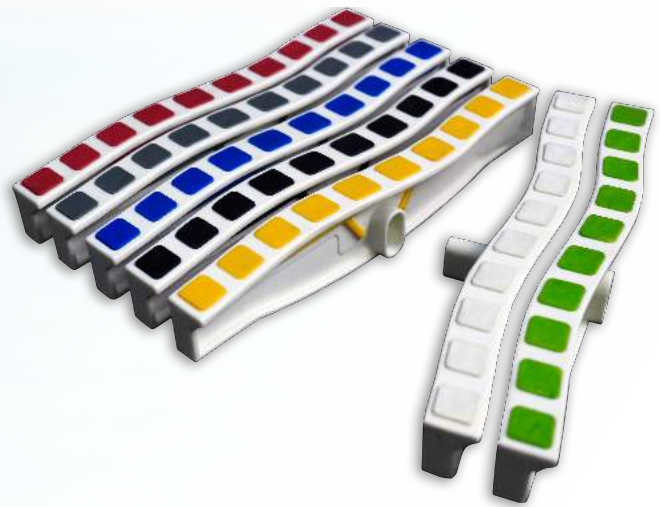

A young child wearing a light-colored bucket hat is splashing in a swimming pool. The child has their arms raised and a joyful expression, with water spraying around them. The background shows a blurred poolside building.

and happiness.....**

TPV Antiskid Grating

(DE27 Series)

This antiskid grating is designed for professional applications. The single spine grating is suitable for straight and curve overflow pools. The anti-slip coloured top offer extra comfort and maximize safety for the swimmers.

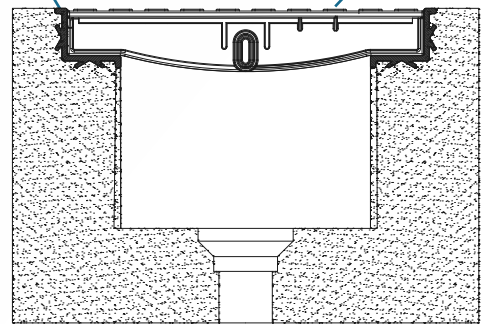

Product Features

- Materials : Glass Filled PP + TPV
- Anti-slip materials: Thermoplastic Vulcanizate(TPV)
- Durable, UV resistant
- Standard color : White / Blue
- Other Colours available for order up to 500 metres

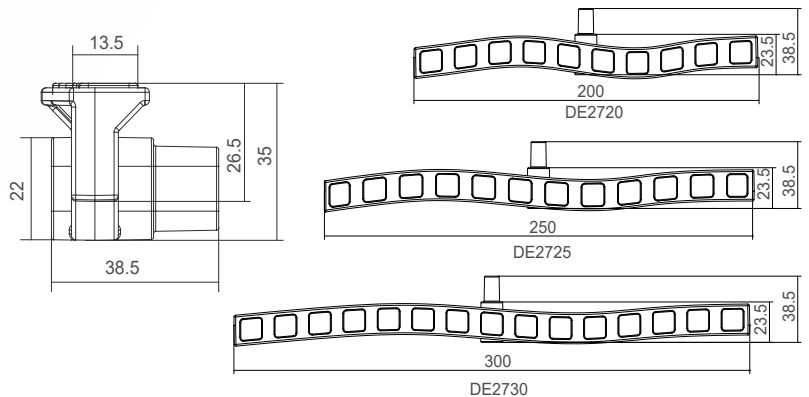

Grating Support Profile

Anti Slip Grating

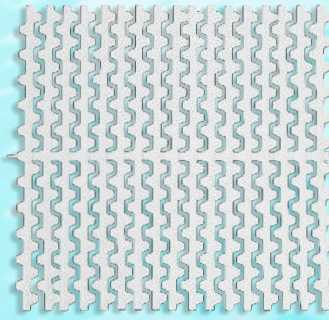

Code	Model	Colour	Size
88171001	DE2720W	White	200 x 26.5 mm (1m)
88171008	DE2720B	Blue	200 x 26.5 mm (1m)
88171101	DE2725W	White	250 x 26.5 mm (1m)
88171108	DE2725B	Blue	250 x 26.5 mm (1m)
88171201	DE2730W	White	300 x 26.5 mm (1m)
88171208	DE2730B	Blue	300 x 26.5 mm (1m)

Transversal PP Grating

(DE28 Series)

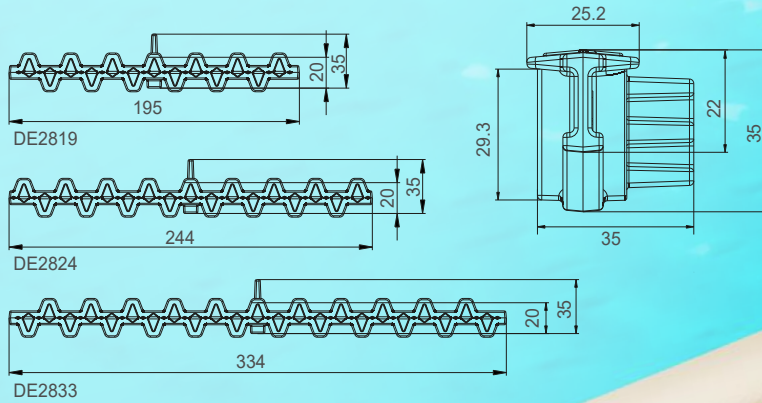

This transversal grating offer safety grip and minimize the gap to prevent injury. It can be used in commercial and residential pools. This sturdy and cost-effective gratings have been used in many overflow systems.

Product Features

- Materials : Glass filled PP
- Standard color : White
- Other colours available for order up to 500 metres

Code	Model	Size
91600713	DE2819	195 x 22 mm (1m)
91600714	DE2824	244 x 22 mm (1m)
91600715	DE2833	334 x 22 mm (1m)

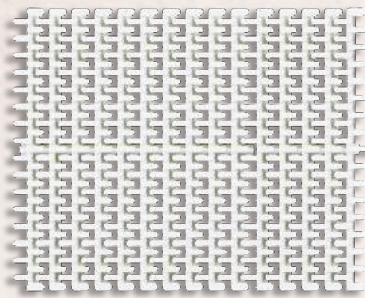

Zigzag Type Grating

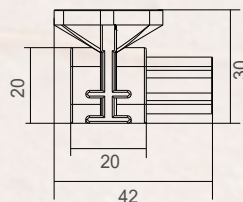

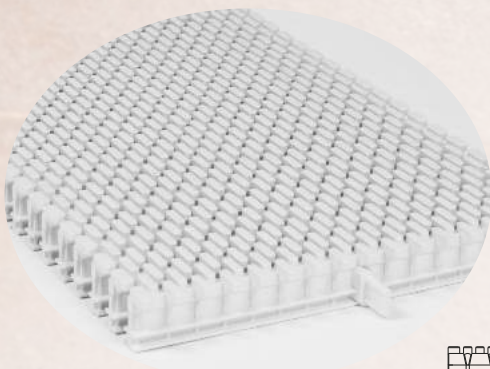

(DE26 Series)

This Zigzag type grating has a heavy-duty construction that offers a long product life. The zigzag shape provides a smooth surface and solid support in both straight and curved installation.

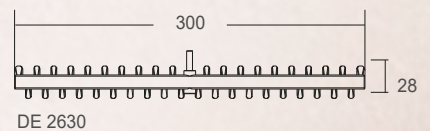

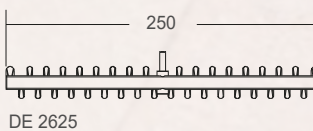

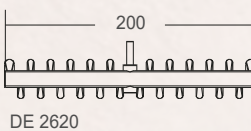

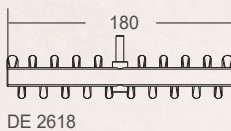

Product Features

- Materials : ABS
- Standard color : White
- Other colours available for order up to 500 metres

Code	Model	Size
88170612	DE2618	180 x 30 mm (1m)
88170712	DE2620	200 x 30 mm (1m)
88170812	DE2625	250 x 30 mm (1m)
88170912	DE2630	300 x 30 mm (1m)

Bendable to fit
any shapes of pool.....

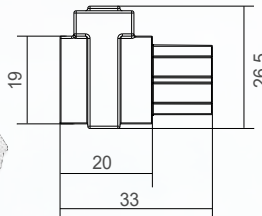

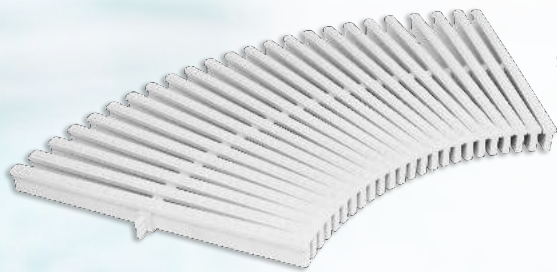

Curvable Grating

(DE25 Series)

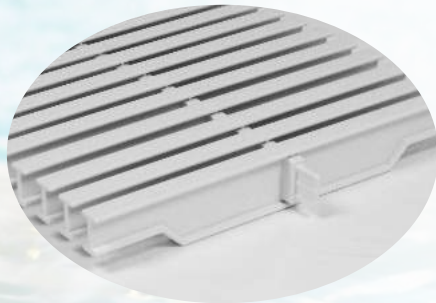

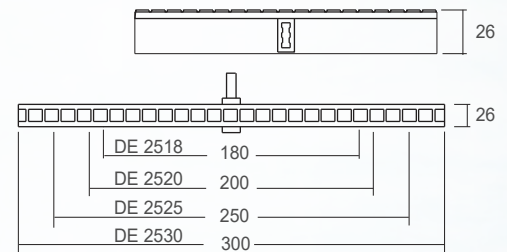

This curvable grating snaps together by single spine to allow an ultimate flexibility. It can be easily adapt to most of the pool shapes. The non-slip surface and solid support enhance the product's safety and logivity.

Product Features

- Materials : ABS
- Standard color : White
- Other colours available for order up to 500 metres

Code	Model	Size
88170212	DE2518	180 x 26 mm (1m)
88170312	DE2520	200 x 26 mm (1m)
88170412	DE2525	250 x 26 mm (1m)
88170512	DE2530	300 x 26 mm (1m)

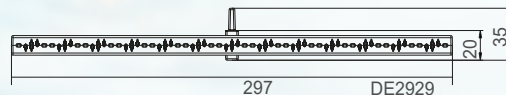

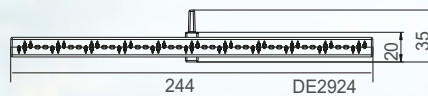

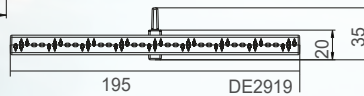

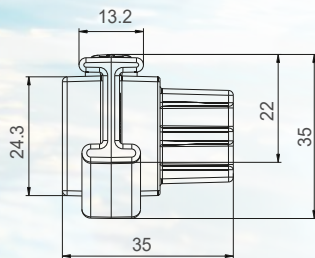

Curvable PP Grating

(DE29 Series)

This modern design curvable grating is made of PP material to achieve both sturdy and cost-effective. It has the most popular dimensions and functions to fit in your designs of different pool shapes.

Product Features

- Materials : Glass filled PP
- Standard color : White
- Other colours available for order up to 500 metres

Code	Model	Size
91600716	DE2919	195 x 22 mm (1m)
91600717	DE2924	244 x 22 mm (1m)
91600718	DE2929	297 x 22 mm (1m)

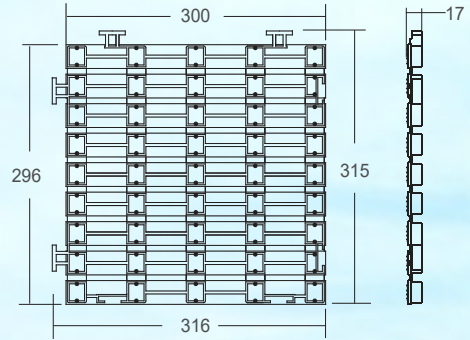

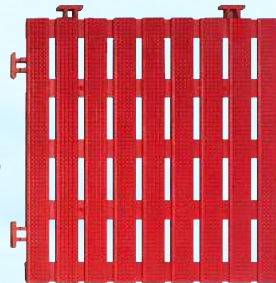

Floor Pad

(DE30 Series)

The floor pad is produced by high strength PVC that is corrosion proof and resists chipping and cracking. It is portable and can be easily installed in your pool deck or changing room floor. The colourful floor pads create a soft and non-slep flooring to ensure the safety of your facility.

Product Features

- Materials : PVC
- Standard color : White / Blue
- Other colours available for order up to 500 metres

Code	Model	Color	Size
88160112	DE3030	White	300 x 300 mm
88160106	DE3030	Red	300 x 300 mm
88160107	DE3030	Yellow	300 x 300 mm
88160108	DE3030	Blue	300 x 300 mm
88160109	DE3030	Green	300 x 300 mm

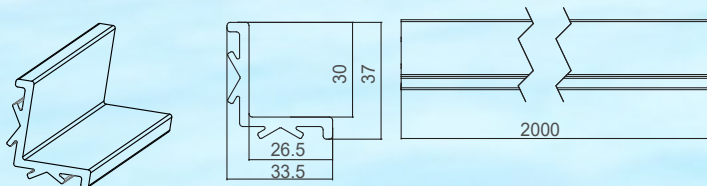

Grating Support Profile

Supply in 2 meters length. Suitable for 26.5mm and 30 mm high grating.

Product Features

- Materials : PVC
- Standard color : White / Blue
- Other colours available for order up to 250 pieces
